SILVER SCROLL

MONONA GROVE HIGH SCHOOL VOLUME TEN

DEDICATION

To the students--for whom the annual is published, for whom the school exists, and who, after all are the school.

It is our hope that this year's Silver Scroll will serve to remind you of your high school years--your teachers, your accomplishments, your joys, and your sorrows.

As you, the students, continue to walk on through the corridors of time, may the Silver Scroll add to the memories of your experiences at Monona Grove High School.

Many compliments to you student body, for you made the book. It is yours.

FACULTY AND ADMINISTRATION

BOARD OF EDUCATION

Mr. Sargent, Mr. Schwan, Mr. Winter, Mr. Onsager, Mr. Vale, Mr. Skiles, Mr. Wilke, Mr. Paterson.

The Board of Education is made up of representatives of the community. It establishes, maintains and improves the educational standards of Monona Grove.

By co-ordinating the Monona schools, Mr. Schwan and Mr. Sargent supervise the youth development in the Village of Monona.

SUPERINTENDENT

MR. EDMUND SCHWAN

ASSISTANT SUPERINTENDENT

MR. LOYAL SARGENT

MR. DONALD HELSTAD
PRINCIPAL

5 MILLION SECONDS--This is, roughly, the amount of time you spent in school this year, the time in which most of the vast educational opportunities offered at Monona Grove High School will be made available to you. Every second presented an opportunity, a challenge, a chance to increase your knowledge and further your development. Every second put to good use was yours to keep. Its learnings will prove invaluable as you have invested it is the building of skills, desirable attitudes and personal responsibility in yourself. You will be able to relive the moment of your high school career through the yearbook.

MR. PAUL THOMPSON
ASSISTANT PRINCIPAL

The value of a high school education cannot be overestimated in the day and age in which we live. To underestimate its value would be a grave mistake for the youth of this or any other nation. The people of our nation, holding a high respect for education and taking advantage of the educational opportunities afforded them, are regarded not only as the backbone of our democracy, but as the best defense of the security of our great country.

GUIDANCE DIRECTOR

JAMES JACOBS

Guidance is the high art of helping students make wise decisions.

Monona Grove High School is fortunate to have the staff and materials available to give individual counseling to all students in such a way to improve self-understanding, develop and implement vocational and educational plans and meet the day to day personal and social demands in the home, school and community.

The main goal of education in science is more intelligent behavior. In general, those things which are taught are functional in the sense that they foster development of desirable attitudes, make for improved ability to deal with individual and group problems, and help students to appraise vocational opportunities in terms of abilities and interests.

Our physical education teaching is designed to serve the students' immediate developmental and future recreational needs. The activities taught should help to develop sound and proper functioning bodies. Social and personal attitudes as well as intellectual development are an aim of physical education. In other words, the activities should develop the individual so that he may live at the highest possible physical level while attaining social competence. This should enable him to live, play, and work well with others.

The Practical Arts enhance our lives by making our surroundings humanly attractive. The Fine Arts expand our insights, understandings, and appreciations for the inspired awareness that is the best of humaness. It is because of man's humaness that we recommend Art as a part of the full life.

To many, home economics is synonymous with cooking and sewing. Although this is a part of our curriculum, the scope is much broader. Home economics also includes interior design, child development, family relations, management, and finance. Our primary objective is to help students become better citizens through the understanding and assumption of responsibilities.

The social sciences constitute the "humanizers" of our culture in a world of rapid and continual change. At Monona Grove we have a very comprehensive social studies program. In two years our four year high school sequence will be in full operation within the framework of a new district program. All years will be co-ordinated with an emphasis on a conceptional development approach instead of a focus on subject matter. In addition to our regular program we will continue to offer Geography, International Relations, Psychology, and Advanced Government and Economics.

The music program in the Monona Grove High School has been expanded this year to include a wide variety of music courses. By scheduling block instrumental and vocal classes and using team teaching resources, it has been possible to have all categories of vocal and instrumental groups, and to change the scheduling of these classes on a daily basis if desired by the staff. This is the latest concept in music education. We at M-G are very pleased to expand into the best in music experiences for our students.

1964 Homecoming was witness to the first Parade and Pep Rally at Monona Grove. The festivities included fireworks, parade, floats, cheers, and lots of pep. Pat Casey was master of ceremonies for the event and she announced Kris Gannon as Queen, and M. G. Room Commission as float winner. Friday night brought the victory over Edgerton and the introduction of the Queen and her Court. "Victory in Review" was the theme of the Homecoming dance held Saturday night, which ended the gala event.

KING GEORGE AND QUEEN BEV

The theme for Junior Prom 1964 was "Wonderland by Night." Bev Horne and George Gustavson reigned as Queen and King for the glorious evening. The music and decorations provided an enchanting evening which will be long remembered by those who attended.

"WHAT'S YELLOW AND GOES CLICK CLICK?"

Mrs. Levy of the English Department wrote two plays which were presented to the student body. "This Little Piggy Went All the Way to Work" was an evening performance satirizing work in relation to the clock. "What's Yellow and Goes Click Click?", the satire on the commercialization of Christmas, was given during the hour-long Christmas Assembly.

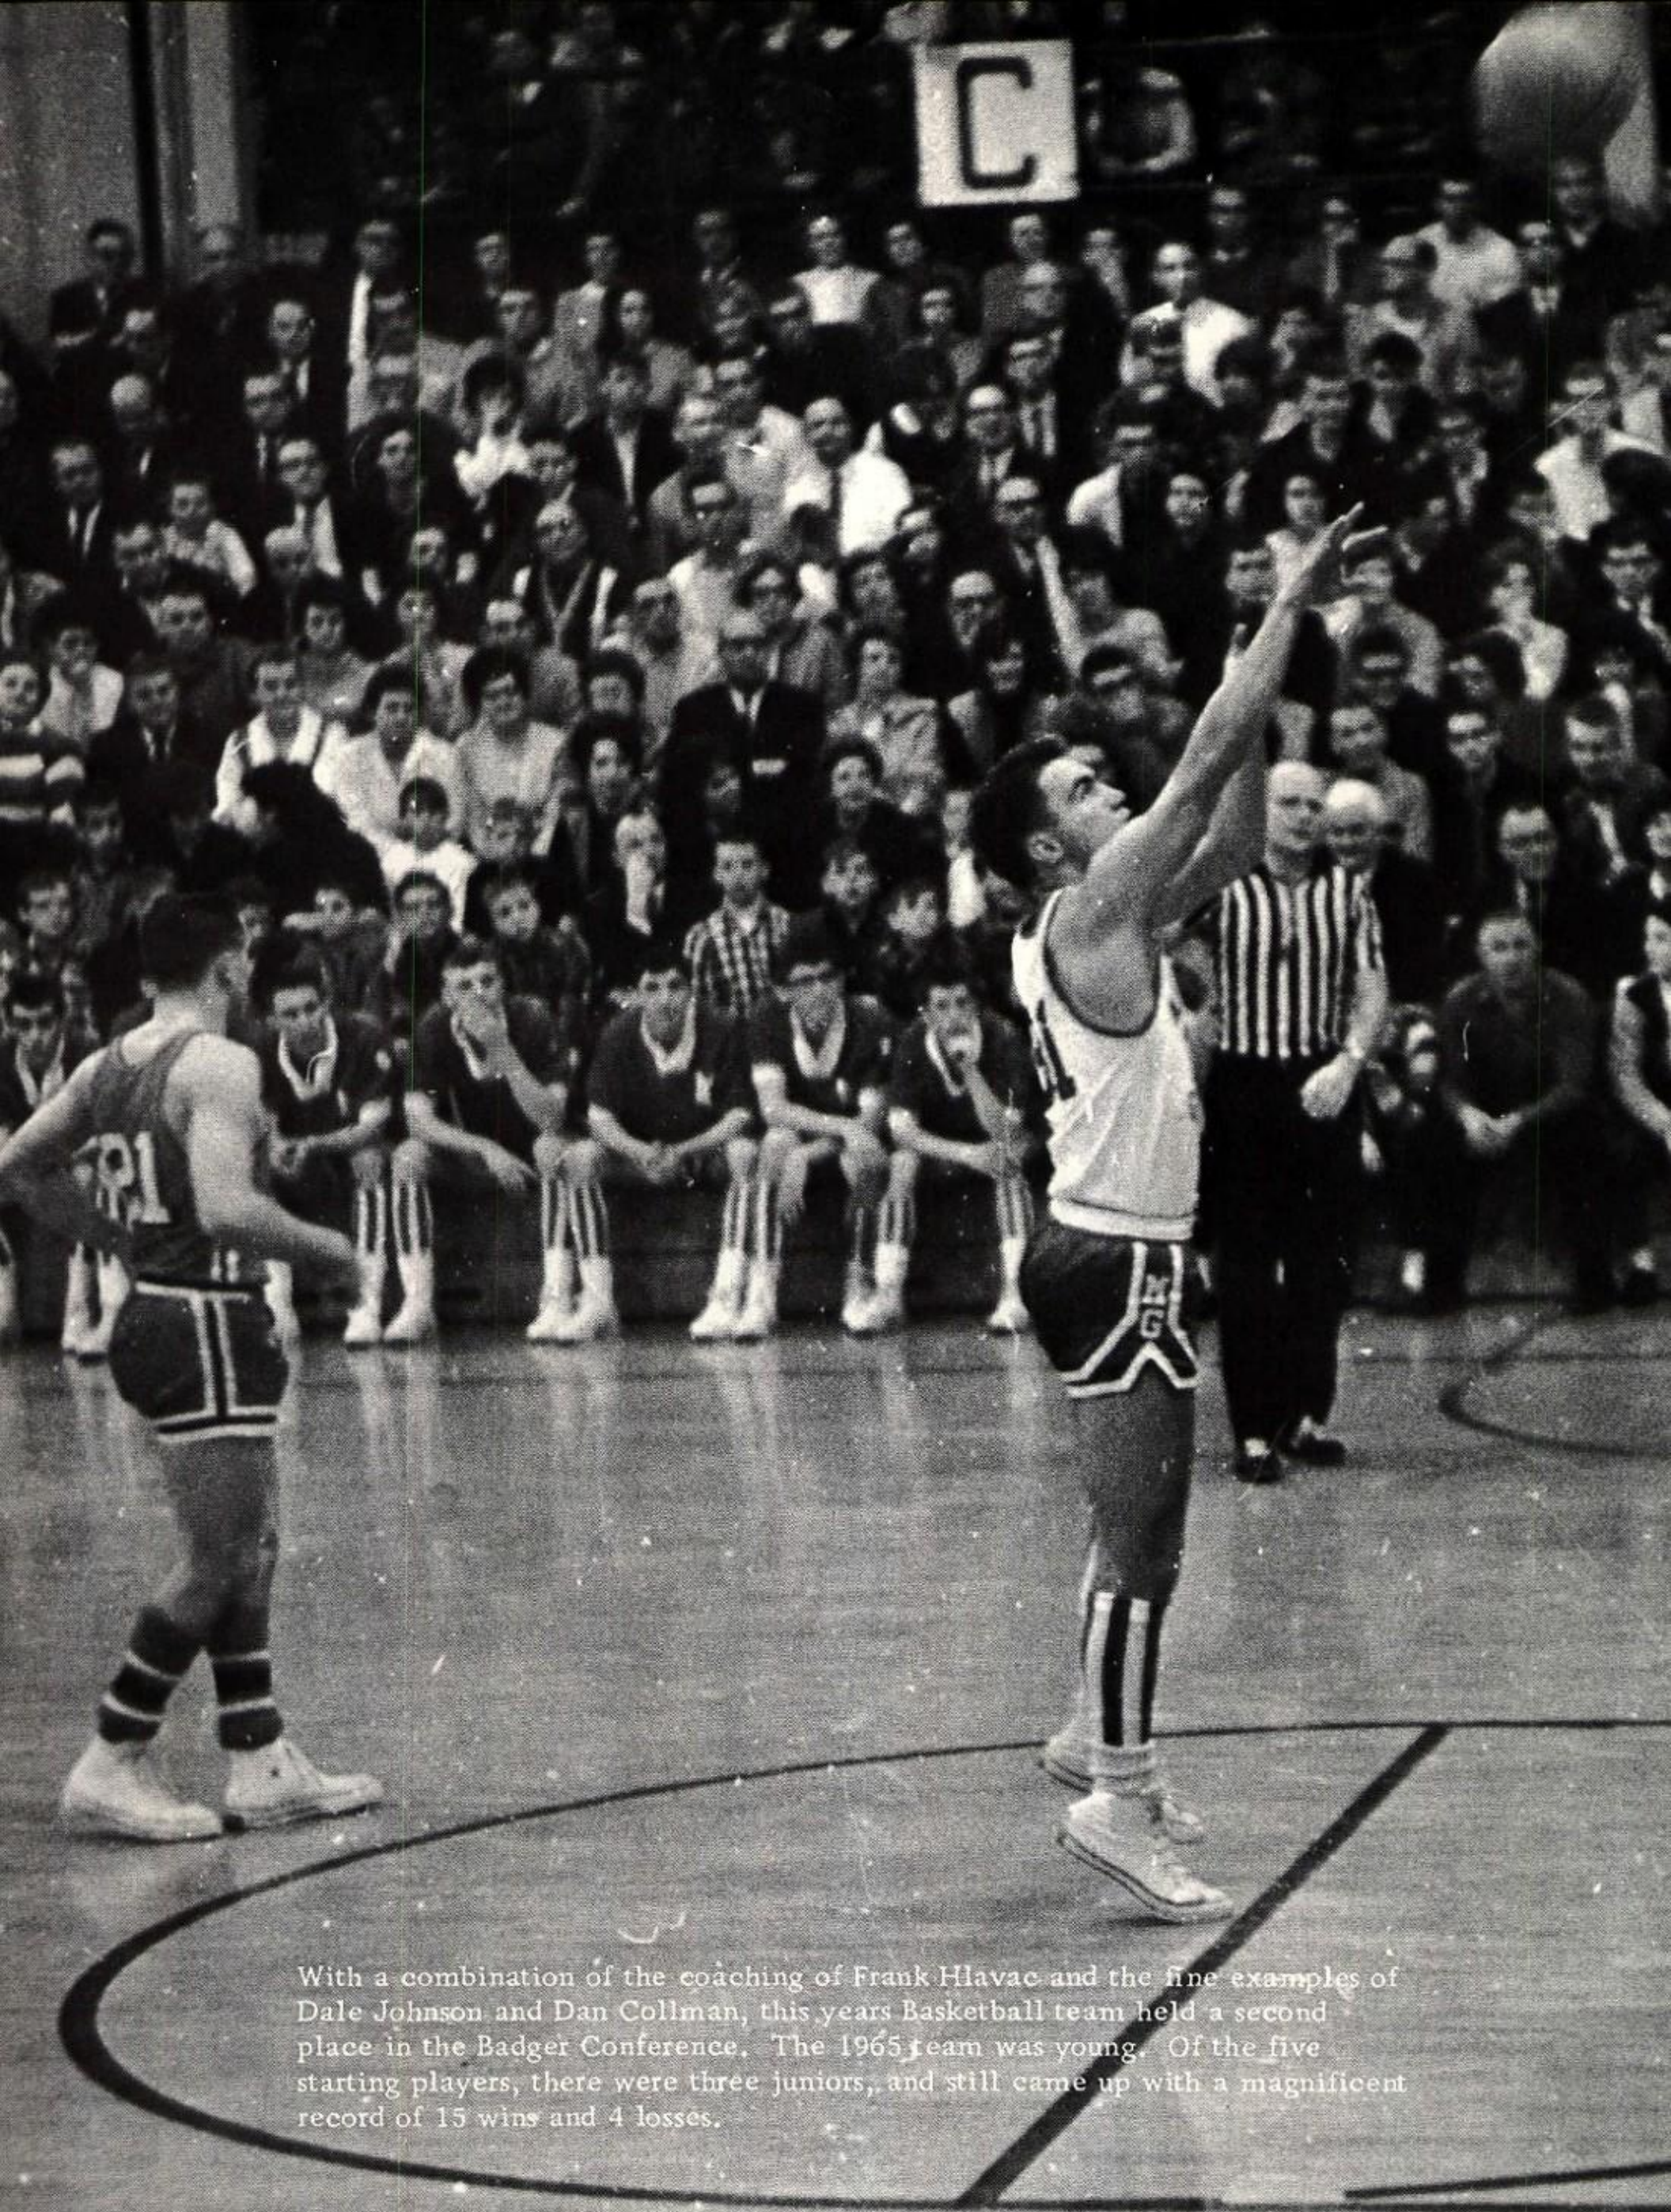
P. Nondahl, J. Ziller, G. Harrington, C. Gifford, S. Debois.



With a combination of the coaching of Frank Hlavac and the fine examples of Dale Johnson and Dan Collman, this years Basketball team held a second place in the Badger Conference. The 1965 team was young. Of the five starting players, there were three juniors, and still came up with a magnificent record of 15 wins and 4 losses.

Randi
We had fun
in Science this
year with Kiatty & I
hope we're together next year!
Good Luck always!
Barb. Shower.

Randi,
Well, at last
we've gotten rid of
B.J. (I hope). The
final night bring me
back. Not you though,
Kathy
